48" inch long unit: 26" wide x 56.5" long x 33" high (660 x 1,435 x 838 mm) (96.5"/2,451 mm high with iDimension Plus)

### Weight:

30" long unit: LiFePo4: 160 lbs (73 kg)  
SLA: 220-290 lbs (100-132 kg)  
48" long unit: LiFePo4: 180 lbs (82 kg)  
SLA: 240-310 lbs (109-141 kg)

## Standard Features

- Enhance speed and data collection for the optimization of warehouse space, truck/trailer loads and identifying best packaging solutions
- Decrease shipping charges & costly charge backs from shippers
- Dimension directly at product location; increase productivity up to 50% by eliminating costly motion, touches and transportation time
- Reduce operator fatigue and potential injury as carrying/moving parcels to fixed stations is eliminated
- Quickly process increased volume due to business growth, seasonal peaks & more
- The rugged iDimension Plus Mobile powered carts consist of 30" and 48" long workstations that hold and power the iDimension Plus dimensioner and other hardware including scales, laptops/thin clients/CPUs and printers up to 12+ hours at a time or 24/7 operation
