EMR ready

increase **efficiency**

Rice Lake's broad selection of medical scales meets the highest standard of quality, performance and value. Hospitals, clinics and care centers will benefit from high-quality, feature-rich products such as physician, wheelchair, chair, bariatric, dialysis and pediatric scales.

bariatric scales

The safety and comfort of bariatric patients require the most durable scale with added support. Rely on Rice Lake technology for proven performance. Available with 1,000 lb (450 kg) capacity.

pediatric scales

For the most precious patients and their health care providers, Rice Lake carries several models for infant and baby weighing needs. Choose from the single-range digital baby scale or the dual-range neonatal scale with Motiontrap™ technology to compensate for involuntary movements.

wheelchair scales

Rice Lake's wheelchair scales feature large platforms to safely weigh a wide variety of patients. Models include 1,000lb (450kg) capacity, single- and dual-ramps, and optional seats. An in-floor version is also available.

chair scales

Chair scales fit in smaller spaces and are ideal for accurately weighing patients who are easily transferred from a bed or wheelchair. Choose between Rice Lake's digital chair scales, with capacities up to 660lb, or mechanical chair scales with 440lb capacities.

proven scale technology

compact **durable** design

physician scales

The classic physician scale is updated. Sleek design means easy-to-clean. Floor and eye-level digital models are available with 550 lb (250 kg) capacity. All models come with optional Bluetooth® or Bluetooth BLE to connect with EMR systems and reduce human error.

mechanical scales

The mechanical scales feature a dual die-cast beam. The weight can be read from the front or back. Rice Lake offers mechanical scales in stand-on, baby or chair models.

home health scales

An attractive exterior design covers robust, precision scale technology to accurately monitor a healthy weight at home. Professional digital and mechanical models are available.

industry **leader**

Rice Lake Sets a high standard in medical weighing equipment. The combination of efficiency, safety and scale features with the added value of over 70 years of weighing technology leadership makes the critical difference. Now hospitals, clinics and health clubs can have proven scale technology—plus Rice Lake’s legendary service and support.
